

Events in 2023

Aug 15, 2023	Yoichiro Tanaka (Tohoku U), IEEE Distinguished Lecturer 2023 <u>"Magnetic Data Storage Technology: From the Invention of Perpendicular Magnetic Recording to Social Integration"</u>
Aug 7, 2023	J. Ping Liu (UT Arlington), IEEE Distinguished Lecturer 2023 <u>"Magnetic Hardening in Low-Dimensional Ferromagnets"</u>
Jun 6, 2023	Nick Kioussis (CSU Northridge) <u>"Opportunities and Challenges in Spintronics: A first principles perspective"</u>
May 11, 2023	Chris Marrows (U Leeds UK) <u>"Spin Textures in Synthetic Antiferromagnets"</u>
Apr 28, 2023	Susana Isabel Cardoso de Freitas (INESC Microsistemas and Nanotecnologias), IEEE Distinguished Lecturer 2023 <u>"Magnetic Sensors: From Ultrathin Film Growth to Sensor Integration in Unexpected Systems"</u>
Apr 25, 2023	Manuel Vazquez (CSIC Madrid), IEEE Distinguished Lecturer 2023 <u>"Cylindrical Micro- and Nanowires: From Curvature Effects on Magnetization to Sensing Applications"</u>
Mar 13, 2023	Giovanni Finocchio (U Messina/Italy) <u>"High performance spintronic devices for microwave technology and computing"</u>
